SPRING EDITION

President's Message

Together, creating possibilities.

It's an exciting time for the Credit Union! We recently adopted a new brand and a new name, we're improving the digital experience to better serve you and investing more than ever in the military and civilian communities we serve.

A New Name, The Same Commitment to Serve

Building stronger communities is also a central part of our mission as a not-for-profit cooperative. In 1950, our ten founders invested \$100 each, to start a Credit Union and make a difference in the lives of their fellow Kentuckians. After two name changes (the first happened in 1960) the Credit Union continues to demonstrate that same passion to help make more possible for hardworking Kentucky families.

At Abound Credit Union, the value of your Membership increases as the Credit Union grows and expands. Welcoming more of our friends and neighbors to the Credit Union family will make more possible for all of us through enhanced services and long-term investments in financial health and wellness.

Our recent long-term investment to support military and community health at the HMH Medical Group Radcliff Family Medicine clinic, located near the Wilson Gate of Fort Knox, is just one example. This ten-year partnership will allow HMH to add primary care providers, extend additional patient services and connect military families and all patients to community resources. It will even offer financial services and education, with everything housed in one clinic.

How Can We Help You Make More Possible?

While you may notice the fresh new look, more convenient access to your accounts and easier ways to plan for your future, the mission of the Credit Union remains the same as it's been since 1950. We're here to help you and your family make more possible through affordable financial services and solid financial education. I encourage you to make the most of your Credit Union membership by visiting the new website, giving us a call or stopping by a local branch today to see how we can help you achieve more.

Thank you for being a Member. We hope you'll encourage your friends and neighbors to join us as we build a stronger financial future for more hardworking Kentuckians, together.

FINANCIAL EDUCATION

Financial Education keeps everyone talking.

In our first year of pushing toward a smarter Kentucky in our classrooms, we've been to ten schools and taught more than 1,300 students. What difference does this make? Think about how you spend 3,000 hours. Turn that around and you'll see that we've spent this much time educating our students, on our clock and with our resources, because we know what doors financial literacy can open in one single life. With this digital program, we've developed six financial education lessons for fourth through sixth graders, providing supplemental lesson plans, engaging discussion guides and real-time student score reports to assist teachers in the classroom.

Our financial education initiatives don't end with elementary students. We have a full-range of online educational tools for adults, too. We're creating possibilities for everyone. Furthermore, our veterans are learning to build and grow their small businesses because of our annual Operation Veterans 2 Entrepreneurs event, in partnership with Small Business Development Center (SBDC) that we are proud to host.

It's never too late to learn.

We're awarding \$25,000 to high school seniors, with the Howard Roush Memorial Scholarship.

We're excited to quadruple the amount of money we've set aside to support higher education in Kentucky. This is an opportunity for our high school seniors, who are Members, to shine bright and get recognized for it. We ask seniors to submit an essay or three to five-minute video, explaining what financial independence means to them. From the applicant pool, we select ten qualifying seniors and award each of them \$2,500. Do you have a high school junior searching for scholarships for the upcoming 2020-21 school year? Get them in an account now and they will be eligible to apply for the Roush Scholarship in 2021.

Together, creating possibilities.
